

At a glance

Skills

You should share our passion for creating livelihoods, as well as be computer literate and confident in responding to emails and using Google Drive for file storage.

Location

This is a home based role, so you can live anywhere in England and Wales.

Time

This is a flexible role, and we would ask that you try to regularly promote our mission and support our volunteers.

What are we looking for?

TWAM is looking for honesty, openness, and someone who will be a credit to a big-hearted compassionate charity. We expect you to be diligent in your role and share our passion for lives transformed through livelihood-creating tools.

Because many speaking engagements come from churches, it is an advantage to be a Christian and essential to be in sympathy with the values and motivation of the Christian community. Please refer to our Core Values which can be found on the website for more information.

This is a great role for someone who likes to show initiative and who shares our passion for livelihood creation. It's a great role for someone who likes meeting people and getting involved in their community. If this is you, we'd love to hear from you.

More info on our website: timefortwam.uk

The County Ambassador will assist our Volunteering Coordinator by proactively looking for opportunities to promote the mission and expand awareness of our work. This can be through speaking engagements, which can be in Church groups, Rotary groups, WI, U3A, retirement and community groups or local shows and events.

We would also like you to support our other remote working volunteers, as it can be lonely working as a Tool Ambassador, Community Ambassador, or Champion with little personal contact with TWAM. This role can offer a vital and comforting link for everyone involved. This is a great role for someone with drive, initiative, and passion who wants to use those qualities to transform lives.

What will you be doing?

The County Ambassador will work with our Volunteering Coordinator to:

- Support our team of local volunteers (the people who collect tools, speak on our behalf and represent us in churches and community groups)
- Recruit new volunteers
- Promote our work locally
- Help organise and run local events
- Identify potential collection points or opportunities to establish local groups
- Represent TWAM where opportunities arise

Volunteer benefits

You will receive resources from us including:

1. Volunteer speaker pack (updated biannually)
2. A selection of leaflets
3. Details of all your local volunteers
4. Details of local supporting churches and groups
5. Expenses guidelines and reimbursement
6. The provision of equipment including projector and screen, pull up banners, business cards and ID Card

You will receive full support from our Volunteering Coordinator, Paul Daley.
