

At a glance

Skills

If you have a knowledge of tools, or relevant training that would be great. But all we need are people who have the physical ability to lift and work with tools. All else we can teach you.

Location

Ipswich, Coventry (soon to move to Rugby) and Halstead

Time

Monday to Friday 8.00am to 4.30pm in Ipswich and Coventry and Friday morning in Halstead

What will you be doing?

We are looking for someone to ideally help out in all areas and be prepared to help where most needed.

We are also need someone willing to train in a speciality area such as PAT testing or sewing/knitting machine servicing. If you have a particular interest or skill, we will do our best to match that to your volunteering opportunity.

We provide training and you will be made very welcome in the team you volunteer with. You will be supported by the Refurbishment Centre Manager and have somebody to turn to at all times during your volunteering.

Apply

Ask a question

There are three main roles for the Refurbishment Champion:

1. **Tool Specialist:** the people on the frontline who unload the vans and sort the tools into different trades ready for refurbishing.
2. **Tool Refurbisher:** the people who refurbish the tools - from grinding off rust to servicing sewing machines, wiping computer hard drives to PAT testing. The list just goes on
3. **Tool Kit Creator:** the people who put all the tools together in the trade kits.

What are we looking for?

Refurbishment Champions need to work well in teams and have an attitude of 'I'll help where I can'. We need friendly people who want to fit into a team. Flexibility is key and means there will never be a dull moment!

What difference will you make?

This is an incredibly rewarding role as you see exactly how you are helping people living in extreme poverty in Africa. You see the tools you have worked on being packed into kits and being labelled ready to send to a group in Africa. You watch the containers being loaded, and during volunteer days, you hear the stories of lives your tools have transformed.

Volunteer benefits

We offer a great place to volunteer and can promise you a very friendly, supportive team to work with. Our centres have tea, coffee, and refreshments available all day in the rest area, and you can take a break whenever you want.
